

# HOME-BASED CARE DELIVERED TO YOUR DOOR

## CAN YOUR PHARMACY SUPPORT...

### **A DOL-issued White Card**

Enjoy 100% covered prescriptions with no out-of-pocket costs.

### **Convenient and reliable deliveries**

Convenient pickup available; delivery via courier or mail offered in select areas. Our medications are delivered in compliance packaging, which assists your caregiver in providing the right dose and at right time.

### **Streamlined communication for care teams**

Save your staff time, improve order accuracy, and keep the entire care team up to date. Our HIPAA compliant and no-hassle communication tools provide seamless communication between you and the pharmacy.

### **Dedicated pharmacy team providing exceptional service**

Our experienced pharmacy team is a true partner in helping you deliver the highest quality of care and drive outcomes. Your dedicated full support team includes a pharmacist, technician, nurse and account executive.

### **Insurance claim support and plan election guidance**

Through our unique Insurance Optimizer Program, we work directly with physicians and insurance companies to help maximize insurance plan coverages. We also offer prescription coverage guidance, because we know choosing the right plan isn't always easy.

### **Data-driven solutions for better outcomes**

Consistent business reviews providing insights into your community's growth and efficiencies.

---

## **A BETTER KIND OF LOCAL PHARMACY**

Our pharmacy is locally managed, so decisions are made by the people who know and care about your community and residents. Our nationally backed network allows us to provide the best solutions available.
