Locally Owned and Operated.

We know doing business locally is important to you. We are locally owned and operated by Michael Counts, PharmD in partnership with Guardian Pharmacy Services. We have been serving senior living communities throughout the Heartland since 2009.

SENIOR LIVING IS ALL WE DO...

From delivery, to safety, to insurance billing, our services are designed so you don't have to worry about your medication needs.

✓ PROTECT WHAT MATTERS

▶ Integrated Technology

Guardian's connection with the community's electronic health record system reduces errors and improves medication management.

▶ The Best Clinical Support

Our clinical pharmacists are available 24/7 and conduct ongoing medication reviews to ensure your medications are compatible and appropriate for you.

▶ Smart Packaging

We deliver a 7-day supply or less to the community in easy-to-use packaging which:

- Saves the community staff's time when administering medications
- Improves medication safety, ensuring you get the right medication at the right time
- Reduces waste, both environmental waste and wasted money

✓ MAXIMIZE YOUR BENEFITS

- ▶ We coordinate directly with your physicians and third-party insurance providers to maximize your insurance benefits.
- ▶ Unlike a retail pharmacy, we bill medications monthly, and our local billing staff is always ready to answer billing-related questions.
- ▶ We help you understand your **Medicare Part D** coverage and can offer consultations during open enrollment to help you choose the best plan for you.
- ▶ We offer several easy ways to pay, including monthly auto-pay, pay by phone, or paper statements.
