GuardianLink™ Home

When users log into GuardianLink™ (<https://ankenyan.guardianpharmacy.com/frameworklink/>), they are directed to the Welcome Page.

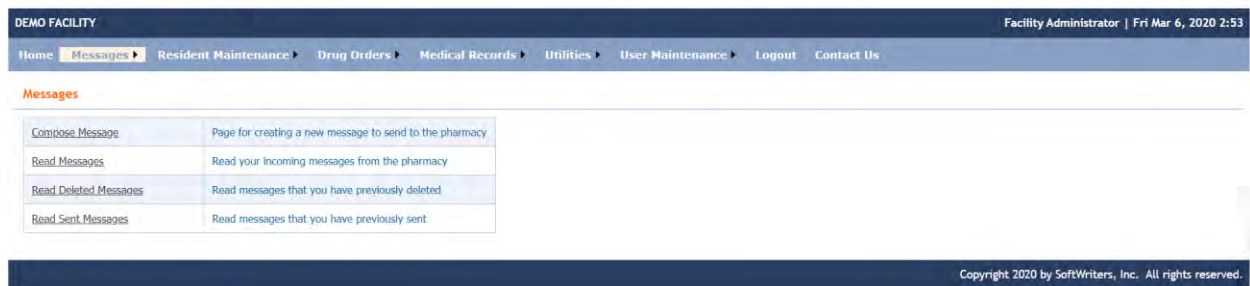

Notes regarding GuardianLink:

- Chrome web browser is preferred
- Site is encrypted, complies with HIPPA regulations
- Clicking on a Menu header will show descriptions of the options for that header
- Refill Requests – when in doubt, fax it out

Messages

Unread Messages

The Unread Messages link on the Welcome page allows facility users to view messages from the pharmacy. It will include new messages and responses from the pharmacy staff. To open a message, click either the envelope icon in the first column or click the link in the Subject column.

The screenshot shows the GuardianLINK interface. At the top, there is a navigation bar with the following items: Home, Messages (highlighted), Resident Maintenance, Drug Orders, Medical Records, Utilities, User Maintenance, Logout, and Contact Us. The user is identified as 'Facility Administrator' and the date/time is 'Fri Mar 6, 2020 2:53'. Below the navigation bar, the 'Messages' section is displayed. It contains a table with the following rows:

Compose Message	Page for creating a new message to send to the pharmacy
Read Messages	Read your incoming messages from the pharmacy
Read Deleted Messages	Read messages that you have previously deleted
Read Sent Messages	Read messages that you have previously sent

At the bottom of the page, there is a copyright notice: 'Copyright 2020 by SoftWriters, Inc. All rights reserved.'

Compose Messages

This page is used to create new messages to be sent to the pharmacy. When the message is sent, it will appear in the pharmacy system for staff to process.

Read Messages

This page will list all incoming messages from the pharmacy. It can be filtered to show only unread messages. If a message from the list is deleted, then it will drop from this list and be moved to the Read Deleted list.

Read Deleted Messages

This page allows you to view and respond to messages that were previously deleted. To open a message, click the envelope icon in the first column or click the link in the Subject column.

Read Sent Messages

This page will allow users to view and respond to previously sent messages.

Resident Profile

The Resident Profile page will allow you to view all information relating to a resident.

A resident can be selected by entering two or more characters of the last name into the Resident Section text box. A drop-down list containing the available matches will display.

After a resident is selected from the list a grid will display where the patient can be selected. If more than one resident has the same name, then the grid will list all of the available choices.

If submitting a reorder, a pop-up message indicating the reorder has been submitted will be displayed.

Reorder/Refill

A prescription can be reordered or refilled through FrameworkLink™ if the prescription number or the reorder number is known. A barcode containing the prescription or reorder number can also be scanned into the search field.

Refill/Reorder Prescription

Rx # / Reorder #

If reorders/refills have previously been requested for the resident, a list of those prescriptions will display on the screen. The reorder/refill requests will be sent to the pharmacy processing queue. When the requests are processed or denied, they will be removed from the Refills Requested list.

Drug Quote

The Drug Quote function provides a quote for one or multiple drugs based on the facility's price plan. The quotes can be printed and/or saved. Additional items can be added to a saved quote. All quotes saved by a user can be viewed on the My Quotes list. Saved drug quotes cannot be viewed across user accounts. When selecting an item to add to the quote, the drug products will be pulled from the pharmacy's formulary.

Drug Quote

Quote: Description:

Add items to quote:

Search the pharmacy inventory Name: List

Form: Strength:

Matching Products:

- Select a compound product A&D/ZINC OX/LIDO
- Select an IV drug product 1/2NS+20KCL

Quantity Ordered:

Days Supply:

The drug results returned from the search criteria do not apply to IV medications, those need to be quoted by the pharmacy directly. Once processed, items added to the drug quote will display about the item selector boxes.

Drug Quote

Quote: Description:

Monthly Total: \$11.58
Daily Total: \$2.90

Drug	Quantity	Cost	Days Supply	Cost/Day	
FLECAINIDE TAB 50MG [Generic]	20	\$11.58	4	\$2.90	<input type="button" value="Delete"/>

After all of the required items for the quote have been added, the quote can be printed by clicking Show Printable View. The printable view will open in a new window.
