

Pharmacy Pre-Consult Worksheet

Date of scheduled Mercury Pharmacist visit: _____

1. Identify any patient(s) who might benefit from an in-depth medication review. Consider:
 - Recent falls, increased confusion, or decline in function.
 - Psychoactive medication reviews.
 - Complicated medication regimens or recent changes in condition.
 - Warfarin monitoring.

Resident name	Issue or goal of review

2. Area(s) of recent errors or need for audits: _____

3. Resident(s) with tricky MARs for charting review (insulins, frequent refusals, parameters, high prn use):

Resident name

4. Which med cart do you prefer the pharmacist check? _____

5. Optional: Residents who wish to meet with a Pharmacist during consult visit:

Resident name
