

ARRIVING AT THIS INTERSECTION HAS NEVER BEEN EASIER

Discover what GuardianShield™ services can do for your senior living community.

Combining the strength of two powerful GuardianShield™ programs to drive safety and savings for your community

INSURANCE OPTIMIZER

Staff and residents gain a dedicated Guardian billing advocate who works directly with physicians and insurance plans to optimize benefits for each resident.

- Our work helps ensure that each prescription, or a clinically equivalent alternative, is covered
- Residents receive fewer non-covered drugs, lowering their out-of-pocket costs—saving them on average more than \$600 per year
- Staff spends less time resolving billing questions and prior authorizations, improving efficiency and job satisfaction
- With our Medicare benefit plan assistance, residents and families experience less frustration when navigating plans
- Set your community apart with detailed savings reports to showcase to current and prospective residents and their families

CLINICAL INTERVENTION

A Guardian pharmacist reviews each prescribed medication for compatibility and intervenes to optimize therapies, contain costs, and prevent adverse drug events.

- Drug interactions
 - Resident allergies
 - Duplicate therapies
 - Unusual dosing
 - Drug omissions
 - Medication list reconciliation
 - Order clarifications
- Help your residents age in place with fewer medication errors and adverse drug events, such as falls and hospitalizations
 - Receive clinical impact reports that track the decisions and interventions our pharmacists make to safeguard residents from medication harm
 - Gain visibility and insights into opportunities to improve medication safety and enhance resident outcomes
